Government

Dear Aeronautical Engineer,

You are hereby reminded of:

1. PD 1570 Section 23. Suspension and Revocation of Certificate.

The Board shall have the power, after proper notice, to reprimand an aeronautical engineer, suspend, or revoked his certificate of registration for any of the grounds enumerated in the next proceeding section or by reason of malpractice, incompetence and gross negligence of the registered aeronautical engineer concerned, or by reason of the use or perpetration, or refusal to join and to remain a member of good standing of the integrated professional organization of aeronautical engineering which is accredited by the Commission.

2. IRR Article IV Code of Professional Ethics Section 6. Relation with Profession

a. He shall cooperate in extending the effectiveness of the engineering profession and endeavor to be well-informed of the latest development in the profession by sharing or exchanging information and experience with other engineers, other professionals, and student, and by contributing to engineering publications and participating in the activities of engineering societies.

Anent to this, please present any evidence or manifestation of your active participation and/or contribution in SAEP related activities prior to your next renewal of membership and application of the Certificate of Good Standing.

SAEP Board of Directors
